

## PRESS RELEASE

Lund, November 4, 2024

# Two in-depth features about Hamlet BioPharma in the prestigious CEO world magazines and pulse 2.0 business news website

***Hamlet BioPharma, ticker HAMLET B, the innovative pharmaceutical company, which develops new therapies against cancer and infections, is pleased to inform that the CEO World Magazine, renowned for its focus on high-level executives and influential business leaders, has featured Hamlet BioPharma in their latest Company Spotlight. They highlight Hamlet's recent clinical trials and innovative approach merging groundbreaking research with a strong business vision.***

With its vast readership of 12.4 million CEOs, CFOs, and decision-makers worldwide, the feature interview with Chairman, Professor Catharina Svanborg, underscores Hamlet BioPharma's role in advancing treatments for cancer, tuberculosis and other infections.

CEO World Magazine is one of the leading business publications in the world read by CEOs, senior management, high-net-worth individuals and investors, and features in-depth reporting across multiple industries. It provides essential

insights into global business trends, executive leadership, and transformative ideas from prominent CEOs and business innovators.
